FORWARD LOOKING STATEMENTS

For the purpose of informing shareholders and potential investors about the Company's prospects, sections of this document may contain forward-looking statements, within the meaning of securities legislation, about the Company's activities, performance and financial position and, in particular, hopes for the success of the Company's efforts in the development and growth of its business. These forward-looking statements express, as of the date of this document, the estimates, predictions, projections, expectations or opinions of the Company about future events or results.

Although the Company believes that the expectations produced by these forward-looking statements are founded on valid and reasonable bases and assumptions, these forward-looking statements are inherently subject to important uncertainties and contingencies, many of which are beyond the Company's control, such that the Company's performance may differ significantly from the predicted performance expressed or presented in such forward-looking statements.

The important risks and uncertainties that may cause the actual results and future events to differ significantly from the expectations currently expressed are examined under business risks in the Company's annual report and include (but are not limited to) the performances of domestic and international economies and their effect on shipping volumes, weather conditions, labour relations, pricing and competitors' marketing activities.

The reader of this document is thus cautioned not to place undue reliance on these forward-looking statements. The Company undertakes no obligation to update or revise these forward-looking statements, except as required by law.

OUR MISSION AND PURPOSE

LOGISTEC's strategy is guided by our mission and purpose: We pride ourselves on building and sharing our expertise in order to contribute to the success of our customers and our communities. Our people are dedicated to finding solutions that support reliable supply chains and protect our environment and our water resources.

OUR VISION

To be the provider of choice for safe, sustainable and creative solutions in the marine and environmental sectors. By 2023, LOGISTEC will be recognized for its remarkable contributions to its customers, its partners and its communities.

Ever agile, our team quickly embraced the rapidly-evolving situation and intends to accelerate the implementation of its strategic plan

Never before has a suite of environmental services and technologies been more necessary to deliver resiliency to communities facing a growing number of critical environmental challenges

OUR ESG PRIORITIES

Delivering responsibly is at the heart of how the LOGISTEC family is building a sustainable future for the next generation. It means handling our customers' goods safely, protecting and renewing our environment and our water infrastructure, attracting and developing the best and brightest talent, investing in our communities and leading with the highest governance standards.

PROTECT AND RENEW OUR **ENVIRONMENT**

- Our environmental experts have treated over 10.3B litres of contaminated water and allowed the conservation of 18.9M tonnes of soil over the past 37 years.
- Our water technology has eliminated 58M M³ of drinking water leaks, 1,470 tonnes of atmospheric pollutants, 469 kilotonnes of GHGs, and remove 1.5M trucks on the road.
- In 2021, our TERMONT joint venture acquired an electric-powered rail-mounted gantry crane that can transload import and export containers directly to and from railcars or staging piles, increasing efficiency and further cutting gas emissions
- Two new eco-efficient mobile harbour cranes were purchased for the Port Manatee terminal in Tampa Bay (FL) and will begin operating in 2022.
- A brand-new hybrid crane also arrived at the Port of Montréal in 2021, reaffirming our vision for a greener and sustainable supply chain.

BE **SOCIALLY** RESPONSIBLE

- 2,500 trees planted in partnership with Tree Canada to offset our carbon footprint.
- Focused community investment program supporting talent, humanitarian initiatives, health and safety and environment.
- Strong ties to the Arctic - partnership with NEAS, Qikiqtaaluk Environmental and Avataani in Nunavik.

LEAD WITH STRONG GOVERNANCE

- A diversified and inclusive governance approach with the Chair and the majority of directors being independent.
- Extending diversity beyond the Board to include senior levels in the organization.
- 50+ years of positive reviews with TSX performance.
- A solid corporate-wide risk assessment and plan in place.

OUR 12 SUSTAINABLE DEVELOPMENT GOALS

GOAL 3: GOOD HEALTH AND WELL-BEING

Addressing lead in drinking water and emerging contaminants

GOAL 4: QUALITY EDUCATION

Participate in programs to help youth acquire the knowledge and skills needed to promote sustainable development

GOAL 5: GENDER EQUALITY

Help women equal rights to economic resources and natural resources

GOAL 6: CLEAN WATER

Improve water quality and infrastructure

GOAL 7: AFFORDABLE AND CLEAN ENERGY

Support the supply chains of the wind energy

GOAL 8: DECENT WORK AND ECONOMIC GROWTH

Protect labour rights and promote safe and secure working environments for all workers

GOAL 9: BUILD RESILIENT INFRASTRUCTURE AND FOSTER INNOVATION

Facilitate sustainable and resilient infrastructure development. ALTRA's resiliency was proven

GOAL 11: SUSTAINABLE CITIES AND COMMUNITIES

Prevent disasters including water-related disasters

GOAL 12: RESPONSIBLE CONSUMPTION AND PRODUCTION

Achieve the environmentally sound management of wastes (BOX19)

GOAL 13: CLIMATE ACTION

Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters

GOAL 14: LIFE UNDER WATER

As part of Green Marine, support all best practices of international shipping

TERMINAL OPERATIONS

TERMINAL OPERATIONS

ENSURING A RESILIENT SUPPLY CHAIN

CONTAINER TERMINALS

- Our strategically-located port terminals near road and rail infrastructures allow us to offer specialized container-handling capabilities, providing fast and efficient services and ease of transport to final destinations as well as fast turnaround of containers and vessels.
- Additional services such as container stuffing and destuffing, container repair, and other valued-added services are also offered at our facilities.

PORT LOGISTICS

- Off-dock facilities and expertise providing value-added services including intermodal stuffing and destuffing and drayage of international containers
- LOGISTEC also offers varied container-related services such as: empty container storage, container maintenance and repair, container cleaning, reefer storage and monitoring, amongst others

BULK

- LOGISTEC works closely with its customers in the bulk industry to provide made-to-measure and efficient handling of bulk cargoes. Through experienced personnel and modern equipment, LOGISTEC maintains unparalleled expertise in the handling of bulk commodities.
- Our specialized terminals with our cranes, loaders, conveyors, and warehouses allow us to provide a high level of productivity and to guarantee quality service at the most competitive price.

BREAK-BULK

- Our expertise ensures the highest quality standards in break-bulk cargoes by the best qualified personnel, modern equipment, and advanced information technology.
- LOGISTEC maintains real-time inventory on all cargoes through its facilities. Our warehouses are equipped with wireless technology to scan cargo in and out, track damages and repairs as well as cargo moves within the warehouse or outdoor storage area.

DIVERSIFIED CARGO BASE IN A GROWING PORT NETWORK.

BUILT-IN RESILIENCE

The diversity of cargo types we handle, industries we serve, and ultimate revenue base has reduced LOGISTEC's sensitivity to economic swings.

ALTRA PROVEN SOLUTIONS

INNOVATION IN THE SERVICES AND PRODUCTS WE OFFER

PROVEN WATER TECHNOLOGIES

- Our next-generation technology renews and protects aging water infrastructure from the inside with considerable and proven resilience.

PROVEN LEAD SOLUTIONS

- Proven lead-free technology creates a lead-proof barrier inside existing pipes.
- Replacement services.
- Civil works projects.

PFAS SOLUTIONS

- We extract and dispose of PFAS (per- and polyfluoroalkyl substances - the toxic 'forever chemicals').

FLUID TRANSPORTATION SOLUTIONS

- Manufacturing of structural lining used in our drinking water infrastructure renewal process.
- Woven hoses destined for fire-fighting market and the energy industry.

ALTRA PROVEN WATER TECHNOLOGIES

SAFE, CLEAN WATER FOR
GENERATIONS, NO MATTER WHAT.

Our drinking water pipe renewal technology renews and
protects aging water infrastructure from the inside.

ALTRA PROVEN LEAD SOLUTIONS

THE LEAST DISRUPTIVE, MOST COST-EFFECTIVE SOLUTION TO DELIVER RELIABLE LEAD-FREE WATER TO EVERY HOME.

Our proven lead-protecting technology creates a lead-proof barrier inside existing pipes at a fraction of the cost, time and disturbance of traditional replacement.

THE ADVANTAGES OF OUR SOLUTION OVER TRADITIONAL REPLACEMENT:

ALTRA PFAS SOLUTIONS

WE DISPOSE OF PFAS (THE TOXIC ‘FOREVER CHEMICALS’) MORE COST-EFFECTIVELY THAN ANYONE ELSE.

Our process offers reliable PFAS extraction at a fraction of the cost, time and risk of solutions that rely primarily on activated carbon filtering.

THE ADVANTAGES OF OUR PROCESS:

10x FEWER LABORIOUS, EXPENSIVE FILTER CHANGES

Up to **\$2M** in annual savings per water source.

SIGNIFICANTLY LOWER INVESTMENT COST:

our mobile equipment can be used at a relatively low pay-per-use rate, rather than spending millions of CAPEX+OPEX \$ to build a treatment facility.

HIGHLY CUSTOMIZED APPROACH:

We calibrate solutions for the nature and size of any needs (underground water, contaminated soils, wells for potable water, etc.)

OUR SOLUTION IS ROBUST:

profoundly less risk of effectiveness-loss due to other contaminants in water (total suspended solids (TSS), total organic carbon (TOC), hydrocarbon, metals, bacteria, chlorine, etc.)

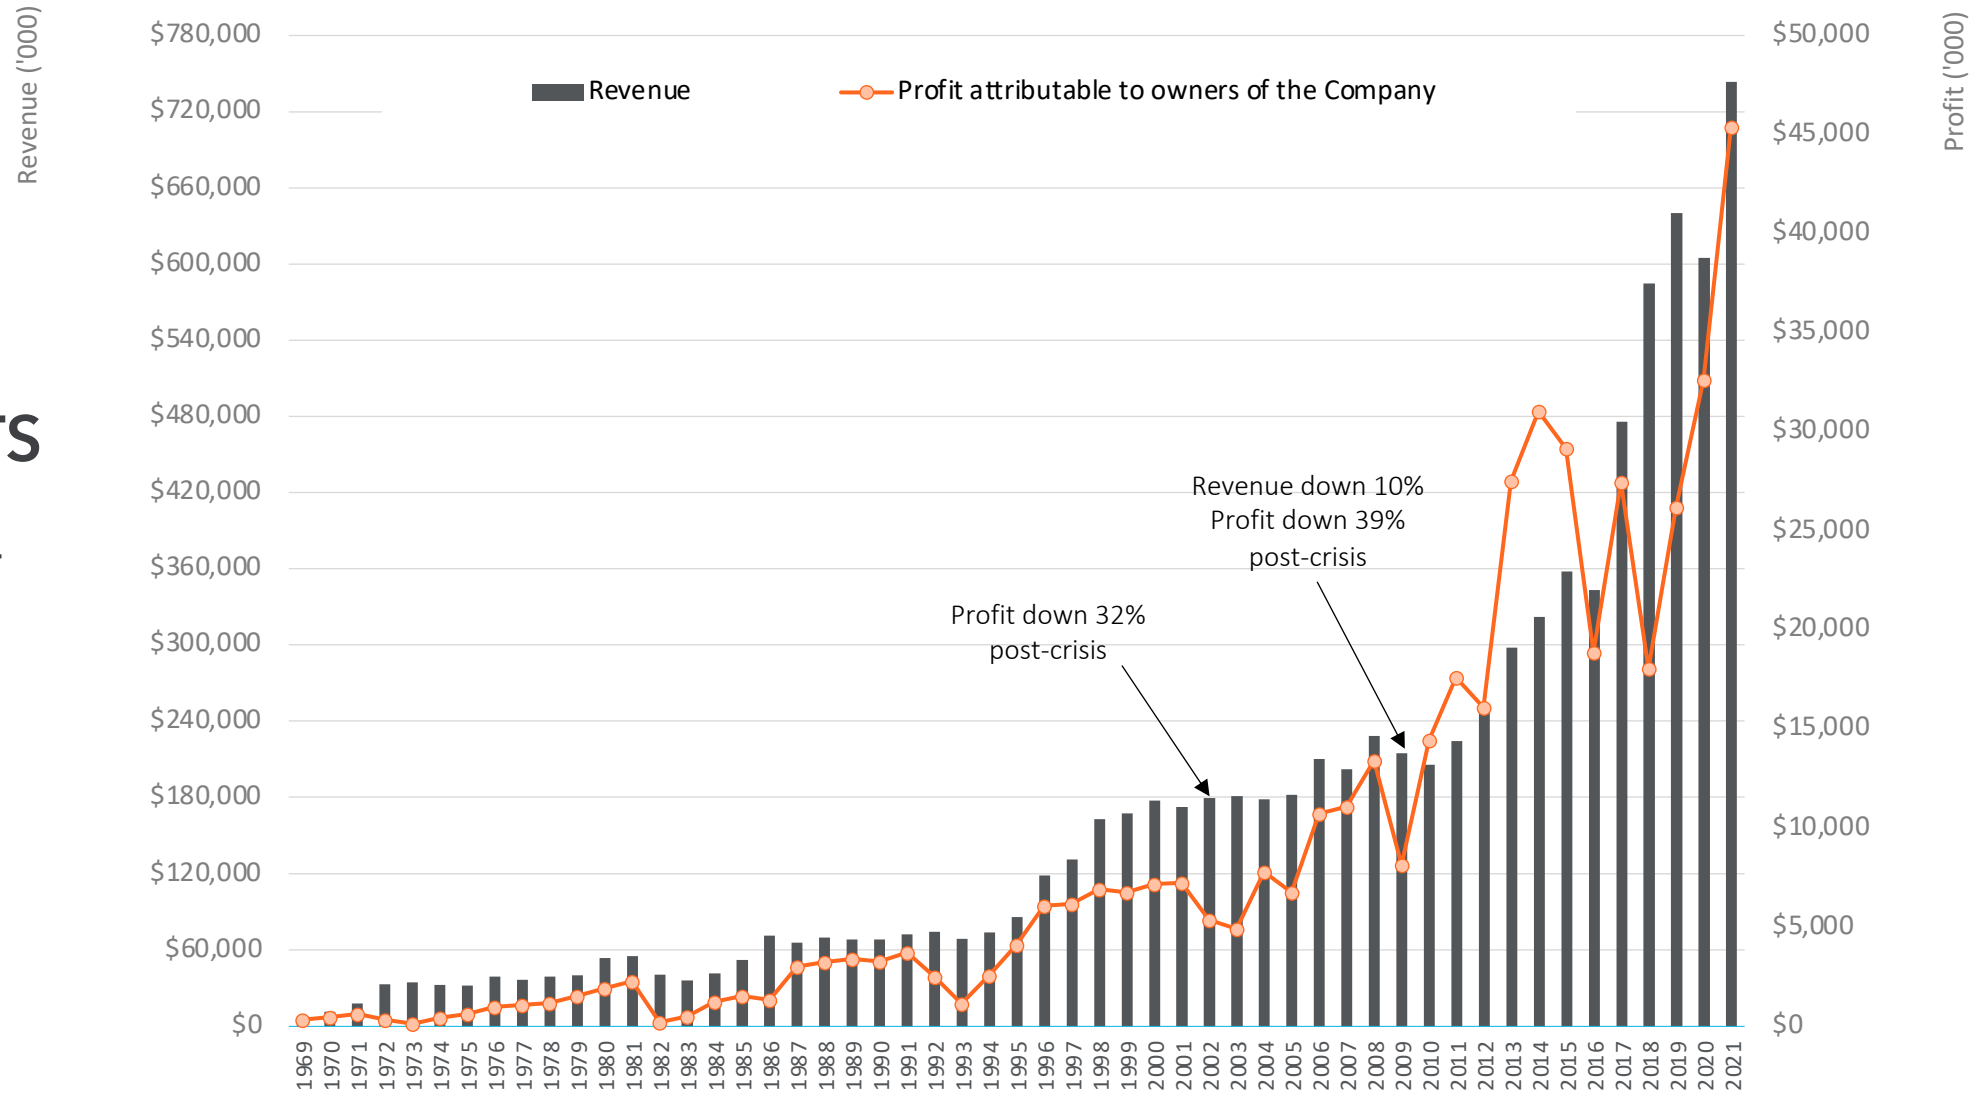

HOSE SOLUTIONS NIEDNER

- Over 100 years of manufacturing woven hoses.
- NIEDNER manufactures the structural lining used in the drinking water infrastructure renewal process.
- NIEDNER also produces the resin that is part of the water infrastructure renewal installation process.
- Manufactures woven hoses destined for the fire-fighting market and the energy industry, as well as other markets.
